

**WHAT
WILL YOU
BUILD**

5TH — 7TH JULY 2013

BUILD YOUR TEAM. BUILD YOUR SHELTER. BUILD THEIR FUTURE.

Join Habitat for Humanity's Hope Challenge 2013, and your team will have a unique experience whilst helping people in the developing world to escape housing poverty.

Held in the stunning Peak District from **5th – 7th July**, the challenge involves designing, constructing and sleeping in your own shelter for 2 nights.

In addition, miles of hiking and puzzling challenges will test your brains as well as brawn. It's a fantastic opportunity to network and team build for a great cause.

Each team of 3-6 people will raise funds for Habitat for Humanity, to help families living in poverty housing worldwide to have safe, decent places to live.
