

Ian Walkden is moving on from life at Habitat for Humanity and would like you to join him to celebrate seventeen very happy years.

**You are invited to a party on Wednesday 5<sup>th</sup> June 2013 from 6.30pm 'til late**

*"In seventeen years of work there are inevitable ups and downs, stresses and strains. There is work to cherish, celebrate and savour, and even some to regret. My prayer for us on this evening is that we will look back together with thankfulness in our hearts, remember the past with fondness, and value all that we have done together. If my service to Habitat for Humanity has meant anything to you, and even if you cannot come on June 5th, then please consider helping my daughter, Hannah, and I to fulfil our HOPE Builders commitment by giving. HOPE Builders is the fundraising programme of which I am most proud. The Royal Parks Half Marathon is a beautiful event and a challenge which I have always wanted to take on. So please help us to make this a really meaningful contribution to a cause we all love and share. HOME really does = LIFE! You can access our page by going to [www.habitatforhumanity.org.uk/ianandhannah](http://www.habitatforhumanity.org.uk/ianandhannah) . But, just as importantly, I look forward to partying with you on June 5th!"*

*Ian Walkden*
